

Mercury Systems Receives \$30M Video Display Contract Award for Mobile Ground Vehicles

April 16, 2020

ANDOVER, Mass., April 16, 2020 (GLOBE NEWSWIRE) -- Mercury Systems, Inc. (NASDAQ: MRCY, www.mrcy.com), a leader in trusted, secure mission-critical technologies for aerospace and defense, announced it received a \$30 million multi-year award from a leading defense prime contractor to provide video display technology for integration into mobile ground vehicles. The award has a 36-month planned performance and shipment period.

Mercury displays are purpose-built to provide the highest performance, durability and longevity available to meet the rigorous environmental demands of military and commercial customers," said Ike Song, Senior Vice President and General Manager of Mercury's Mission Systems group. "Our ability to configure every characteristic of the display such as resolution, operational temperature and night vision compatibility is a great example of our commitment to Innovation that Matters, providing the superior clarity needed to positively identify objects more quickly, without the use of additional personnel or assets."

Mercury is accelerating innovation for its customers as the Company bridges the gap between commercial technology and defense applications to meet the industry's current and emerging needs.
