## **Mercury Computer Systems to Present at the Cowen and Company 31st Annual Aerospace/Defense Conference on February 11, 2010**

CHELMSFORD, Mass., Feb 04, 2010 /PRNewswire via COMTEX/ -- Mercury Computer Systems, Inc. (NASDAQ: MRCY), a leading provider of embedded, high-performance computing systems and software for image, sensor, and signal processing applications, announced today that it will present at the Cowen and Company 31st Annual Aerospace/Defense Conference to be held February 10-11, 2010, at The InterContinental Barclay, New York, New York. On Thursday, February 11, at 8:55 am EST, management will present an overview of the Company's business.

An audio webcast and archive of the event will be available on Thursday, February 11, at 8:55 am EST through the Company's website at [www.mc.com/investor](http://www.mc.com/investor) under "Financial Events." A replay of the webcast will be archived for three months on the Company's website under "Financial Events."

### **Mercury Computer Systems, Inc. - Where Challenges Drive Innovation™**

Mercury Computer Systems (<http://www.mc.com/>, NASDAQ: MRCY) provides embedded computing systems and software that combine image, signal, and sensor processing with information management for data-intensive applications. With deep expertise in optimizing algorithms and software and in leveraging industry-standard technologies, we work closely with customers to architect comprehensive, purpose-built solutions that capture, process, and present data for defense electronics, semiconductor equipment manufacturing, commercial computing, homeland security, and other computationally challenging markets. Our dedication to performance excellence and collaborative innovation continues a 25-year history in enabling customers to gain the competitive advantage they need to stay at the forefront of the markets they serve.

Mercury is based in Chelmsford, Massachusetts, and serves customers worldwide through a broad network of direct sales offices, subsidiaries, and distributors.
