Mercury Systems Receives Four-Star Supplier Excellence Award from Raytheon

Company's Advanced Microelectronics Centers in Hudson, N.H. and Phoenix, Ariz recognized for quality and operational excellence

ANDOVER, Mass., May 23, 2017 (GLOBE NEWSWIRE) -- Mercury Systems, Inc. (NASDAQ:MRCY) (www.mrcy.com) announced it received the 4-star Supplier Excellence Award from Raytheon's Integrated Defense Systems business unit. This prominent award recognizes the Company's facilities in Hudson, N.H. and Phoenix, Ariz. for operational excellence while delivering advanced microelectronic solutions and processing subsystems in support of Raytheon's business objectives.

Raytheon's Integrated Defense Systems business instituted the annual Supplier Excellence Awards program to recognize suppliers who have provided outstanding service and partnership in exceeding customer requirements. Award candidates are judged on certain criteria, including overall quality and on-time delivery. Mercury was one of 84 companies recognized by Raytheon's Integrated Defense Systems business for 4-Star honors.

"As a strategic partner to Raytheon, we are delighted and honored to receive this 4-star award recognizing the performance of our Advanced Microelectronics Centers," said Didier Thibaud, Mercury's Executive Vice President and Chief Operating Officer. "Like Raytheon, Mercury is committed to innovation and continuous improvement as we continue delivering cost-effective solutions enabling the success of our warfighters."

Forward-Looking Safe Harbor Statement

This press release contains certain forward-looking statements, as that term is defined in the Private Securities Litigation Reform Act of 1995, including those relating to the products and services described herein. You can identify these statements by the use of the words "may," "will," "could," "should," "would," "plans," "expects," "anticipates," "continue," "estimate," "project," "intend," "likely," "forecast," "probable," "potential," and similar expressions. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected or anticipated. Such risks and uncertainties include, but are not limited to, continued funding of defense programs, the timing and amounts of such funding, general economic and business conditions, including unforeseen weakness in the Company's markets, effects of continued geopolitical unrest and regional conflicts, competition, changes in technology and methods of marketing, delays in completing engineering and manufacturing programs, changes in customer order patterns, changes in product mix, continued success in technological advances and delivering technological innovations, changes in, or in the U.S. Government's interpretation of, federal export control or procurement rules and regulations, market acceptance of the Company's products, shortages in components, production delays or unanticipated expenses due to performance quality issues with outsourced components, inability to fully realize the expected benefits from acquisitions and restructurings, or delays in realizing such benefits, challenges in integrating acquired businesses and achieving anticipated synergies, increases in interest rates, changes to export regulations, increases in tax rates, changes to generally accepted accounting principles, difficulties in retaining key employees and customers, unanticipated costs under fixed-price service and system integration engagements, and various other factors beyond our control. These risks and uncertainties also include such additional risk factors as are discussed in the Company's filings with the U.S. Securities and Exchange Commission, including its Annual Report on Form 10-K for the fiscal year ended June 30, 2016. The Company cautions readers not to place undue reliance upon any such forward-looking statements, which speak only as of the date made. The Company undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made.
